## NATURAL PHENOMENON OF THE EARTH **PYRAMIDS IN PERCA**

# SUNRISE AT THE THREE PEAKS

The earth pyramids of Perca are an architectural masterpiece of nature. The hike starts at the second parking lot in Vila di Sopra. A well-signposted trail initially ascends steeply through the forest, offering a varied and scenic environment. Along the way, oversized rock piles, intriguing figures, and diverse rock types create a unique hiking experience. The highlight is reaching the impressive earth pyramids, remarkable in size and shape. The return route follows the road to Plata and leads back to the starting point. Backpack provisions.
